DISTILLERY DOWN UNDER

Bennelong's Distillery Down Under project showcases what we believe are Australia's finest boutique distilleries. In highlighting a different producer each month, we proudly present a tailor-made cocktail reflecting the producer's star spirit. We encourage you to share our immense pride in our favourite Australian producers and their products.

BIRDS OF ISLE

Birds of Isle Rum is a female-founded-and-operated rum distillery in Northern NSW.

Birds of Isle champion native Australian flavours with their flagship Bunya Nut Rum - the first rum in the world to combine smoke and native Australian bunya nuts. With a taste similar to chestnuts, bunya nuts come from the Australian Bunya Pine, a prehistoric tree harking back to the Jurassic period, living up to 600 years and producing giant pine cones that can weigh up to 10kg. The pines are primarily found in rainforests in south east Queensland and northern New South Wales.

The distillery aims to change the perceptions of rum as a male-dominated space, and make Australia as well-known for rum as Scotland is for whisky, with Australia growing more sugarcane locally than major rum-producing countries in the Caribbean, and Central and South America.

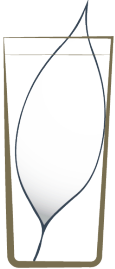

The Bananabird
